

DESIGN A NEW TOWN HALL FOR GUISELEY

Put yourselves in the shoes of the designers planning to build Guiseley Town Hall way back in the 1800's. Over 150 years on, Guiseley has changed a lot, as well as the needs of the community who live in the Town. If you could design a new Town Hall for Guiseley Theatre today, what would it be like? Use the next few pages to plan and send photos of your ideas to info@guiseleytheatre.org!

What would the outside of the building look like?

Will you include spaces for banners and posters?

Does it light up at night?

Will it be colourful?

What is it made from? Stone, brick, concrete?

Does it have bike racks or space for solar panels?

Would you choose any of the same features that are on the building?
